

Offer for Internship

Specialist in Marketing & Business Development

We are a startup consultancy company in the field of urban engineering based in Prague, Czech Republic. We work on promoting sustainable development and resilience to climate change impacts in cities. We have had our initial success in working for the city of Vienna and we are looking to reach out to other cities. Our core business model is a direct B2G business which requires participation in many conferences and events to engage with city planners and urban development stakeholders. Our team is formed by engineering entrepreneurs and we are looking for someone to take care of the marketing and business development of our company. You can learn more about in our website urban-comfort.eu.

Requirements

- Enthusiastic to work in a dynamic entrepreneurial startup environment.
- Interested in sustainable development, environmental issues.
- Previous experience and/or technical background are beneficial but not necessary.
- Must be at the final stage of education (preferable masters in management, entrepreneurship or business administration).
- Can work independently with good efficiency at the same time must be able to cooperate and work as a team.
- Works with respect, good ethics, diversity and professionalism.
- Good writing, communication and presentation skills in English (other languages are a plus).
- Willingness to relocate to Prague, Czech Republic.
- Willingness to travel for conferences and networking events.
- Minimum 6 months internship.

Benefits of working with us:

- You will get a first-hand experience with entrepreneurship and an opportunity to learn how an early-stage start-up works.
- We have recently been accepted in the Copernicus Accelerator which is a European initiative to promote start-ups who are working with space technology, so you can benefit from this experience.
- You will have the opportunity to try and lead different marketing and business development strategies with our cooperation. We believe that mistakes are opportunities to learn so there is no need to be afraid.
- We frequently participate in conferences and networking events. We encourage interns to find and take part in such events.
- You will have an intern pay of around 500 EUR per month + travel expenses for networking events.
- Opportunity to be our newest member after internship period has ended.

Prague is a beautiful city to live in. People here can speak English and it is very easy to fall in love with it. Our entire team is very international with each member from a different country spread across 3 continents so you are most definitely going to benefit from our diversity even though we are a very small team.

How to apply

Selected candidates should be able to start working with us from the Beginning of January 2020 but we would request a small training session sometime early December for you to be acquainted by the team members and our working policies.

If you are interested in this internship, please send your CV and Cover Letter explaining your skills, motivation and past experiences (if any) to the following email and we will get in touch with you for an interview.
